WOLLSDORF LEADER on the road to success - New customer Diamond Aircraft

The successful Styrian company WOLLSDORF LEATHER recently welcomed Diamond Aircraft as their new customer. The company was commissioned to equip approximately 100 aircraft with the entire interior of one of the most modern twin-engine airplanes currently on the market.

"Of course, we are highly pleased that we were able to convince Diamond Aircraft with our quality," says the managing director of WOLLSDORF LEATHER, **Mag. Andreas Kindermann**. "Our main plant in Wollsdorf manufactures the aircraft lightweight leather and Wollsdorf Components in Croatia sews the carpets and leathers various trim parts and the seats," the managing director continues.

Ms. Xenia Schinzel, Head of Materials Management at Diamond Aircraft Industries GmbH: "We look forward to working together with WOLLSDORF LEATHER. The high-quality interior perfectly goes together with our state-of-the-art aircraft and will offer unique comfort to pilots and passengers. "

For this project, the entire interior was developed according to customer specifications by the team of R & D components in Croatia and implemented as standard. For 2018, 35 deliveries of such "sets" are planned.

Moreover, Diamond Aircraft also wants to equip the single-engine five-seat model DA50 in cooperation with WOLLSDORF LEATHER in a similar manner.
